NET CONTENTS: 1 US GALLON (3.785 L)

PRODUCT DESCRIPTION

TRAIL WASH is a specially formulated paint remover designed to be used with TRAILBLAZER Synthetic Turf Paints. It dissolves artificial turf paint so it can be easily removed. It is biodegradable and non-toxic.

MIXING INSTRUCTIONS

Product is supplied ready to use, thinning is not required. Product should be stirred prior to use to eliminate any settling or phase separation which may occur upon storage or shipping.

APPLICATION INSTRUCTIONS

Before using this product, thoroughly read this product's label, technical data sheet and Material Safety Data Sheet (MSDS), available from where this product was purchased.

Product is supplied ready to use, no dilution necessary. Stir or shake thoroughly before each use. apply liberally to painted areas with low pressure sprayer or pump sprayer. Allow material to stand for 5-10 minutes. Use a broom or scrub machine and ensure complete contact of product on painted turf. Do not allow product to dry. If necessary reapply TRAIL WASH to maintain a wet coat. Rinse area with water while scrubbing. If traces of paint are still present, repeat application. Rinse equipment with warm soapy water after use

CLEAN UP INSTRUCTIONS

Clean equipment and spills before material dries with soap and water.

LIMITATIONS

The product is desinged to be used on artificial grass turf. DO NOT USE ON LIVE GRASS.
